In a separate "Institutional" folder on the server there is video footage of an interview with Victor Garber and Nicholas Martin.

There is a related collection of "Present Laughter" materials on the Marketing shelves, and the theatrical poster for the production is present both on Archive 1 and on the Poster shelves. While most Roundabout productions have a contracts file, as of the creation of this collection record the majority of "Present Laughter" contracts are missing; the only documents in the Contracts cabinet are contracts and correspondence for the designers.

There are 10 printed pages of Alexander Dodge's set design drawings housed in the flat file cabinet; digital copies of two of these drawings can be found on the Archive 1 server. Original costumes are located on the Costume shelves, and digital photographs of these are also located on the Archive 1 server. Two original prop pieces are also in the collection, a painted portrait of Garry Essendine and a "Bon Voyage" sign; digital photographs of these are also on the Archive 1 server.

Access Restrictions: Open and available to approved researchers by appointment only. See folder details for specific restrictions.
